

UNIT 16

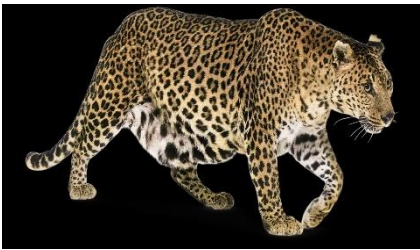

Look and learn

The polar bear eats **s** fish.

"Does **es** it eat seals, too?"

"Yes, it **does**."

Read and answer the questions below

The leopard has got a small head. It runs very fast and it's very dangerous, too. It eats meat. It doesn't eat leaves.

The koala lives in Australia. It's got a very big nose. It can climb trees. It eats eucalyptus leaves.

The seal can swim. It's grey and it hasn't got any ears. It isn't furry and it doesn't eat meat. It eats fish.

a) Does the leopard eat leaves? _____

b) Does the seal eat meat? _____

c) Does the koala live in Australia? _____
